

I am writing this letter with my sincere gratitude toward 18twenty8 for assisting with my educational fees for the year 2021. I'm grateful for this opportunity to be chosen amongst one of the students selected to be funded by 18twenty8. 18twenty8 helped me pay my outstanding balance fees and to obtain my certificate.

I was stress-free from the burden of owing fees due to 18twenty8. It had allowed me to concentrate more of my time on studying. My year has been exceptionally well with the opportunity of using 18twenty8 bursary and also made my life so easy with the opportunity of receiving a laptop.

I'm so thankful for 18twenty8 for making my life easy this year, and I managed to pass.

Thank you again for your generosity and support. I promise you I will work very hard and eventually give back to others.

Sincerely

Beauty Monnye
