

Greetings,

I am writing to recommend the services of 18twenty8.

The organisation facilitated a personal development and empowerment workshop for the female staff at Red Ant Security Relocation and Eviction Services, in August 2023 in celebration of Women's Day.

The programme they prepared for us was of a very high standard and resonated with the audience. The report written after the workshop was thorough.

Our experience with 18twenty8 was unparalleled and their presentation was impeccable. The organisation's beneficiaries addressed us and were articulate, engaging, friendly, attentive, relatable and fun.

It would be our honour and pleasure to help 18twenty8 remain active, helping disadvantaged young ladies achieve their goals.

Regards,

Zamanyuswa Nyuswa
Public Relations Officer
