

My name is Rethabile Matane and I am honored to be one of the 2021 recipients of the 18twenty8 bursary. I would like to take this opportunity to thank you for your generosity in funding me. My experience with the 18twenty8 team was a smooth one. The team was in touch with me in every single step they took or if they needed something, and they responded to my questions and cleared any doubt I had as soon as they could. One of the other things that I liked was the fact that they used WhatsApp as a medium of communication which is most convenient to majority of students. During the meeting that we had at the beginning, we were told of programs that we will be doing that I looked forward to, but due to the pandemic and the restrictions in the country we couldn't attend them. None the less I had fun and no problems at all.

With the help of 18twenty8 and all the donors I managed to complete my qualification in record time without having to worry about my tuition fees and allowances. Once again thank you for recognizing me and all the other girls, we need organizations like this. May you continue to change the lives of young girls.

Regards,
