## To Whom It May Concern

### Re: Miss Refiloe Seseane - 18twenty8

This is to certify that Refiloe Seseane from 18twenty8 conducted career development workshops with our Grade 12 learners from Monday 27 July to Friday 31 July 2009. She utilised the Life Orientation periods and had one hour per class for five classes. Refiloe motivated the Grade 12 learners to work hard in their Prelims and Final exams. She shared extensive information with them on bursaries, learnerships and job opportunities by exposing them to various newspaper ads and websites. This was done in order to give the learners the best options for their futures after Matric. Refiloe also generously volunteers two hours of her Tuesday afternoons from 15h00 to 17h00 and provides extra Economics lessons to our Grade 12's as an Economics tutor.

We are very proud and supportive of the work that Refiloe does through 18twenty8 and recommend her with good conscience. She is a good ambassador to the youth.

Yours faithfully

Mr J.M. Vilakazi
