Dear Sir/ Madam

I hope this letter finds you well. I am sincerely honored to have been selected as a recipient of the 18twenty8 bursary.

It relieved a bit of stress, and it also saved me from loans. Without this bursary, I would not have the opportunity to reach one of my goals, which is doing Advanced Diploma. It helped me because I was not being paid for this experience and the bursary made it possible to do it even though it did not cover all the costs of living.

I am always recommending young woman to consider applying for the bursary programme, because I have witnessed how it has helped me. Thank you again for the funding from TCS John Huxley Africa (PTY) Ltd, I am equipped to one day become a skilled chartered accountant.

Yours Faithful

Awonke April
